D. East Albemarle Regional Library Agreement – Camden Librarian Rodney Wooten & EARL Director, Pasquotank Librarian Kim Perry

#### LIBRARY DISCUSSION - CONTINUE EARL OR STANDALONE

#### Current East Albemarle Regional Library (EARL) Agreement

- Traditionally, the member counties have maintained the regional agreement on a 10year-cycle. As a departure, in June 2023 the EARL counties chose to enter into a 3-year agreement while evaluating options to either continue as a region or to move to the independent county library model.
- The 3-year agreement allowed time to expend the \$230,016 in State Fiscal Recovery Funds/American Rescue Plan Act (SFRF/ARPA) funds received on September 30, 2022. All SFRF/ARPA eligible expenses must be incurred or obligated by December 31, 2024, and expended by December 31, 2026.
- Our current EARL contract runs from July 1, 2023 to June 30, 2026.

#### State Aid for Public Libraries Eligibility

- The State Library of North Carolina (SLNC) provides for NC public libraries to receive grant funds appropriated annually by the North Carolina General Assembly in the form of Aid to Public Libraries (State Aid).
- Pursuant to 07 NCAC 02L201: libraries requesting grants should submit annually to the SLNC an application for State Aid and supporting documentation including financial and statistical reports and shall meet 12 eligibility requirements. The most important eligibility requirements related to the decision of whether or not to continue EARL include the following:
  - Employ a full-time library director having or eligible for North Carolina public librarian certification. Full-time means working a minimum of 35 hours per week.
  - Secure operational funds from local government sources at least equal to the average amount budgeted and available for expenditure for the previous three years.
  - Meet the following stipulations when establishing a new library or re-
  - establishing eligibility (demonstration year) for the Aid to Public Libraries Fund: meet all requirements of this Section on July 1 of the year prior to the
    - fiscal year that the library plans to receive state aid; • continue to meet all requirements of this Section from July 1 to June 30
    - of that year, which shall be known as the demonstration year; and file a full application for state aid by the June 30 deadline at the close of the demonstration year in order to receive state aid in the next fiscal

cycle, the library is not eligible for State Aid and must prove that they can successfully meet the requirements for State Aid for Public Libraries.

 The SLNC's legal counsel offered the option to overlay EARL's final year of service with the demonstration year for the county libraries. Assuming each county library successfully applies for State Aid during the 2025-26 cycle, State Aid should be awarded to the county libraries for the 2026-27 fiscal year.

#### EARL State Aid Award & Projected Aid to Counties

- FY 2023-24 State Aid Award to FARL was initially \$393,631 and increased to \$492,100 with the approval of the 2024 NC State Budget.
- The SLNC offered a State Aid award projection based on the updated FY 2023-24 aid amounts, applying the current State Aid formula and using current population, per capita income (PCI), and Per Capita Income Equalization (PCIE).
- The following is the projected State Aid to each County: Camden \$89,854; Currituck \$102,744; Dare \$105,526; and Pasquotank \$119,635.

#### Integrated Library System

- Libraries use integrated library systems (ILS) to manage work flows. The SLNC offers all
  public libraries the option to join NC Cardinal, a web-based, state-supported ILS, while
  EARL currently uses TLC as its ILS provider.
- TLC is a server-based ILS, with the server housed in the Pasquotank Library. Server
  maintenance requires local IT support, which is invoiced to EARL.
- If EARL is dissolved, staff recommends converting to NC Cardinal. NC Cardinal can share
  resources with all participating NC libraries, outsource IT support to the SLNC, and
  reduce annual costs.
- The NC Cardinal conversion year and the following fiscal year will be free to each
- county. Projected annual NC Cardinal cost for Camden is \$2,500. TLC expenses are currently split among the four EARL counties, with a small portion paid
- by EARL For FY 2023-24, annual TLC cost for Camden will be \$4,051.
   EARL has a commitment from the SLNC and the NC Cardinal team to add EARL as a
- EARL has a commitment from the SLNC and the NC. Cardinal team to add EARL as a regional system during the final year of our Regional Agreement, FY 2025-26. Then, the team would separate the four county libraries to function independently on July 1, 2026.

#### Negatives of Current Structure

- Lack of state funds to support structure.
- Lack of adequate state funds for innovation.
  Cannot pay professional staff appropriately.
- Have had to put more costs onto member counties.

#### Maintenance of Effort

- Maintenance of Effort (MOE) is the requirement that public libraries secure operational funds from the local government sources at least equal to the average amount budgeted and available for expenditure for the previous three years.
- If the amount budgeted and available for expenditure by local government is below the average of the previous three fiscal years, a grant to a local library system from the Aid to Public Libraries Fund shall not be terminated, but shall be reduced proportionately by the Department of Natural and Cultural Resources.
- Each county's Maintenance of Effort for FY 2023-24 is Camden \$235,327, Currituck \$783,703, Dare \$1,265,755, and Pasquotank \$845,376. The SLNC expects that each independent county library should be funded at or above these levels following a regional dissolution.

#### State Aid for Public Libraries – Calculations

- The factors determining state aid amounts include population, PCI (local and state per capita income), state aid allocation, and whether your county, city, or region met its average MOE level (3-year moving average).
- Formula
  - Annual state aid funding is divided into two equal parts:
     Fifty percent (50%) is allocated for "block" grants.
     Fifty percent (50%) is allocated for "equalization" grants.
- Block Allocation Calculation The allocation for block grants is equally divided between all North Carolina counties with special consideration for regional library systems. Regional libraries receive an additional share of the block allocation.
- Regional libraries receive an additional share of the block allocation.
  Equalization Allocation Calculation The other 50% of state aid funds is distributed to
- Local community support represents both monetary and in-kind contributions. The goal of monitoring local community support is to ensure that the level of local funding of a library system remains constant from year to year, ensuring long-term sustainability. The State Library uses a 3-year rolling average to accommodate spikes in local funding.
- Library's service area population (obtained from the NC Office of State Budget and Management Office).
- Library's service area per capita income (obtained from US Census Bureau).

#### Demonstration Year

- When a regional library system dissolves and/or a new county public library is created the State Library of North Carolina (SLNC) requires a demonstration year. During this
- Combined County Librarian/Regional Director position serves neither entity well.
   Counties have no direct authority over Librarians employed by EARL, while Library
- Counties have no direct authority over Librarians employed by EARL, while Libi employees are County employees.
- Outlook for adequate state funding is bleak.

# County Responsibilities for Independent Library IIT

- All responsibility for staff workstations and public computers moves to the county.
- If we transitioned to NC Cardinal before a Regional split, county IT will not need to provide ILS support.
- All email accounts for full-time employees will be moved over to Camden County email by the end of FY 2024-25.
- Human Resources Librarian would become a County employee.

#### Options for Moving Forward

- There are two potential options for moving forward: 1. Sign another 10-year contract to continue EARL operations.
- Signation in Toyear contract to continue Entre operations.
   Become county departments (four separate libraries).

#### 2024 - EARL Recommendation

- End EARL and form an independent/standalone Library.
- Key Dates:
  - Current Regional Agreement: July 1, 2023-June 30, 2026
    - Prepare and submit the NC Cardinal application September 1 to November 1,
  - 2024, for a live date of June 25, 2026 Withdrawal notice deadline: on or before July 1, 2025 for a withdrawal effective June 30, 2026
  - July 1, 2025 to June 30, 2026: Demonstration Year (concurrent with EARL's final year)
  - June 25, 2026: go live with NC Cardinal
  - June 30, 2026: last day of EARL
  - July 1, 2026: first day as independent county libraries

# E. DSS Director Salary Increase Request – Erin Burke

During the hiring process of the new director, the DSS Board made additional commitments that don't typically fall within the guidelines of the County's personnel policy. As such, and based upon the performance of the Director, the Department of Social Services Advisory Board has requested a salary increase as per the policy upon her one-year employment anniversary. Manager Burke is in support of the request, but added that in the future any potential employment offers by hiring boards will be submitted to the Human Resources Specialist for review prior to the negotiation of the offer.

Upon inquiry by Commissioner White, Manager Burke explained that the Director was given a salary increase at six months and according to the employment offer agreed upon by the DSS Board, is due another increase on the one-year anniversary. She would then be placed in accordance with the County's step and grade pay scale.

Commissioner Krainiak confirmed that upon hire, the DSS Director was willing to accept a lesser salary until the DSS Board had opportunity to evaluate her performance. The DSS Board committed to a performance review at the six-month and one-year marks for potential salary increases and Commissioner Krainiak confirmed that she should receive the increase based on her performance.

F. Camden County High School Girls' Softball Team Facilities

# Commissioner Aydlett made a motion to give Camden Schools \$50,000 to go toward the building of a restroom and changing facility for the girls' softball field and that this would not affect Capital funding going to the schools in the upcoming budget.

Commissioner Leary spoke in support of the motion and added the possibility of a concession stand with restrooms on both sides and a press box on top.

Chair Munro requested that before a dollar amount is decided, that the total cost of the project be researched and inquire as to where the remaining needed funds would be obtained.

Chair White requested to table this item to the next meeting in order to receive more information.

# After a brief discussion, Commissioner Aydlett amended her motions as follows:

Motion to direct the County Manager to work with School Superintendent Dr. Bracy to obtain a cost estimate for the construction of a restroom/changing facility and possible concession stand for the girls' softball field.
